

FISHING TOURNAMENT

Vancouver Island's Premier Fishing Derby

Corporate Sponsorship Opportunities:

The South Vancouver Island Anglers Coalition (SVIAC) will be hosting the 4th annual Oak Bay Marine Group Juan De Fuca Fishing Tournament in 2017. This year the 2 day event is being held on Saturday August 12th and Sunday August 13th and Pedder Bay Marina will be both the tournament's headquarters and the official weigh station. We expect this popular and well supported event to be a sell out in 2017 and this will result in a total attendance of over 600 persons.

In 2016 we had over \$100,000.00 in prizes generously donated to the tournament by our many local and regional sponsors. Our top prize was \$20,000.00 and was won by Brian Crossley of Sooke for a 28.7 pound Chinook. Brian and his partner Vince Smith also won an additional \$6,100.00 in one of our team jackpots. Stormtech, one of our generous tournament sponsors, also outfitted Brian in a custom Juan De Fuca Fishing Tournament champions outerwear jacket and pants set.

This year our goal is to increase the prize pool total to over \$150,000.00 in value and to once again be the largest sport fishing tournament on Vancouver Island. The Oak Bay Marine Group Juan De Fuca Fishing Tournament has been structured to appeal to both those who seek friendly competition amongst their peers and those who are looking for a fun weekend with their families. There will be prizes available for the anglers who land the 10 largest salmon of the derby. Many very nice draw prizes will be available for those who simply register a catch regardless of size of the fish. There will also be many prizes awarded for those who simply enter the derby but who don't register a catch. Our licensed awards banquet includes a free roast beef buffet for all ticket holders, raffles, and a 50/50 draw.

The banquet will once again be held at the beautiful Songhee's Nations Wellness Centre in Victoria. Our previous three years tournament proceeds have topped \$48,000.00 and are destined to the Sooke River Chinook Revitalization Project which the South Vancouver Island Anglers Coalition is championing. We are hoping to be able to double that contribution this coming year. Our goal is to increase the Chinook population in the Sooke River in an effort to produce more fish for both our local resident Killer Whales and also local anglers. This is a project that is already underway!

Please take the time to check out the sponsorship forms and with your generous donations help us achieve another sold out and successful fundraising derby. You will see there are many levels of participation available. Please be aware that some of the advertizing exposure opportunities are date sensitive and are based on production or organizing deadlines.

Thank you in advance for your generous sponsorship contributions!
